

OAJW Careers Plan 2018-19

Oasis Academy John Williams

2018/2019

Foreword

Introduction

There has never been a time when careers guidance has been as important for young people as it is today. The landscape of education, training and employment opportunities that students need to navigate is more complex and more challenging than that faced by previous generations. While the economy is beginning to recover from the recent recession, levels of youth unemployment and under-employment are still high. The raising of the age for participating in learning means that young people face a wider range of choices of courses and places to study.

Qualifications such as GCSE and A level are changing, and opportunities in higher education extend now beyond the UK to other parts of Europe and further afield. Students need help to make choices and manage transitions: they need good quality careers education, information, advice and guidance.

The school careers plan sets out how the school intends to provide a fit for purpose careers programme with the available resources which will provide our students with the knowledge, inspiration and ability to take ownership of their own career action plans which will enable them to succeed in their chosen career paths.

The school Careers Plan is based on the DfE document "Careers Guidance and Inspiration in Schools" dated March 2015.

Careers education does not just mean informing students about their options after school but also how their school career will affect their futures. It is our statutory duty to ensure that all pupils receive independent, impartial advice and guidance regarding all options within school and how they will affect their options after school and which careers pathways will become available to them. By helping students with decisions at crucial stages, informing them of all their options and introducing them to the world of work, we aim to prepare them for life after school whichever path they choose.

Information & Self Help

Self-Help Resources

A broad range of information sources are available in the careers library. These resources are updated regularly and students can request additional resources, which we are happy to investigate and obtain if financially prudent. Students will be encouraged to visit the library and will be provided with guidance on the use of the resources where necessary.

Resource	Description
School website careers page	The school will include the following; its Provider Access Policy, name and contact details of the Careers Leader, a webpage on the main website dedicated to careers (including IAG arrangements). The webpage will highlight key events from the careers programme and display the school careers plan.

Careers Providers

Independent Providers

The school will secure independent careers information, advice and guidance (CEIAG) that includes information on the full range of education and training options, including apprenticeships and vocational pathways. This should help inform a pupil's decision about their 16-19 study programme and beyond. Guidance should encompass good, appropriate local further education, apprenticeships, and vocational education opportunities and pupils should individually make their own choice about what is the best next step for them. In good time before decision points schools should ensure that pupils are informed about the options available, including:

- Post - 14: GCSEs; options offered by local university technical colleges and studio schools; opportunities for 14 - year - old enrolment at local colleges.
- Post - 16: A levels, advanced general qualifications, apprenticeships, employment combined with training, supported internships, tech levels and traineeships.
- Post - 18: further education courses, higher apprenticeships, undergraduate degrees.

Access to Independent Careers Guidance

The school's careers education programme adheres to the ACEG/CDI framework for careers education and work-related learning and also complies with the Education Act 2011 by securing independent and impartial careers guidance. Access to advice is determined by the Head of Year 11 in consultation with the senior leadership team, the head of sixth form, the careers leader and other personnel including outside agencies. A detailed "needs analysis" ensures all students with barriers to progression are seen first. Any other pupils who self-refer are accommodated and the adviser has an open door policy at lunch time and at the end of the day.

Access to Internal Careers Guidance

The careers leader will provide impartial guidance and advice to students and will ensure that the external independent advisor is suitably briefed to ensure their time is effective when visiting the school.

Stakeholder Engagements

Engagements

The service aims to provide a broad range of information and updates to students, parents, providers and the school leadership team throughout the year. The updates will help to engage the service with the wider school community and provide information about the careers education, information, advice and guidance provided.

Provision Allocation

Provision Allocation

We want all of our students to be prepared for life after school. We will provide in-school guidance and independent advice from external consultants to ensure our students receive the impartial advice that they need. We will help our students develop high aspirations and consider a broad and ambitious range of careers. We hope that by inspiring every pupil through more real-life contacts with the world of work, they will be able to put in context other areas of their education and increase their motivation to learn.

Careers, Employability and Enterprise Education

The school aims to follow the CDI Framework for Careers, Employability and Enterprise Education 7-19. A formal Careers, Enterprise and Employability Education Strategy is in place indicating the importance of employability, careers & enterprise education as part of overall school policy and a clear understanding of the national and regional drivers. The Strategy is clearly linked to the School Improvement Plan and there is a clear vision for employability and enterprise education. There is a shared definition of 'Employability, Careers & Enterprise' for students, staff, governors and parents/carers. Local employers advise on the employability, careers & enterprise strategy to ensure the programmes enable children and young people to achieve the schools employability goals before they leave school.
